JUDGE W. H. WILSON IS RECUPERATING

Commissioners Checked and Approved Bills and Finished the Day as a Board of Equalization.

Interesting Items were unknown quantities in the courts of Harris county yester day. There were no new suits filed and not a single new case was put on trial to either of the civil district courts. The aunouncement is made that owing to the indisposition of Judge W. H. Wilson of the Fifty-fifth judicial district no court will he held during the present week. Judge Wilson has left the city for a breath of country nir, and will put in the week recuperating.
In the Eleventh civil district court. In the case of John G. Too vs. Stephen V. Eaten, after hearing the evidence and arguments, Judge Ashe took the cause under advisement.

The county commissioners met in special session yesterday morning and begin the work of checking up and approving bills, of which there are a large number. The court adjourned to reconvene as a board of equalization. The assessments fixed yesterday, as a rule, are among the heaviest taxpayers of the county. Several reached the \$100,000 mark.

The real estate murket was active yes terday, there being twenty-one transfers. Several for substantial considerations were filed for record.

SOUTHWESTERN OIL COMPANY.

Much Activity at the Plant-An Artesia Flow Which is the Delight of Officials, Work is progressing favorably on the lant of the Southwestern Oil company, which is being receted at the junction of he Houston Heights boulevard and the Houston and Texas Central railroad. Yesterday, in passing out that way, a reporter for The Post noted some fifty laorers at work unloading ten cars of material. Others were engaged in various construction work on the new buildings. The officers of the company are deligited with the flow of artesian water, which has been encountered in superabundant quantities at a depth of 361 feet. The water which spouts with the vigor of an embryo oil gusher through a six-inch pipe, has a temperature of 66 degrees, and is delightfully refreshing. There is an abundance of the water and to spare. The superintendent says it is the best water he ever saw, and it is especially adapted to the purposes of evaporation in the stills, and also for steam. terial. Others were engaged in various

THE COLORED NORMAL. Opening of the Houston Summer Normal

for Colored Teachers. The Houston summer normal for cobered teachers opened yesterday morning at 10:30. After devotional exercises, Con-

ductor O. T. Wilson made the following remarks; I am glad to meet you in this capacity. for the organization which you thus form tucans much. It means that the colored boys and the colored girls of Texas, through the gelding influences of the schools, which you have the responsibility on well as the honor to direct, are destined to systematically converge into an

intellectually substantial manhood and we manhaod. educational system of the State. Its put pose is to Improve the condition of the teacher, so that the teacher may become more efficient to improve the condition of their pupils. In our effect to have our arms, accomplish this purpose, I am persuaded that we should at all three seep minifed of punctuality and regularity in altending the flowing and regularity in altending the flowing and in meeting our restintions and since we have many prospective teachers among us, I think that we should at all times maintain a strict and digathed discipling thereby exhibiting a profound respect for law and order, and setting examples that are doubly worthy of amusition. Our relations should not be unwited; while we should take care to see that they are characterized by precision. We should sweld these two extremes: Discussing uscless theories that the teachers are not prepared to understand, and making this normal a mere grind for certificates."

5 The following persons were then enrolled: Misses faura Dascoport, Oile Perry, Isora tummings, Lennis Grimes, Oletto McCloney, Frankie Johnson, Grough Buckner, Mand Spencer, Susje Jones, May Pauline Peacett, M. E. Washington, Nellie teacher, so that the teacher may become
